

**Description:**

- Length: 6' (feet) [1.82 m]
- Width: 68" (inches) [1.72 m]
- Height: Adjustable
- Weight: 1134lbs [605kg]

Utility Requirements:

- 120 VAC 50/60 Hz

Specifications:

- Engineered for Ellepots
- Easy to prepare Ellepots for sticking, dibbling or drilling
- The sticking head makes a small hole for insertion of soft cuttings into Ellepots
- Drill head makes larger holes for transplanting from smaller trays
- Plant spacing and depth are uniform for less stress, better quality cop
