ELLEPOT® AUSTRALIA

Ellepot Tray Filler 1 (TF1)

Automatic Tray Filler | Technical Data Sheet

Overview

The Ellepot Tray Filler 1 is an individually designed upgrade for the semi-automatic Ellepot H111 machine, providing automatic insertion of Ellepots into trays at up to 9,000 pots per hour. It can be customised with drillers, dibblers, irrigation units and tray handlers for a fully automatic set-up with maximum savings on labour.

Key Features

- High capacity: up to 9,000 pots per hour
- Soft, uniform pots – clean in the tray
- Fast and easy to connect to the semi-automatic H111
- Easy to operate, with a 7" colour HMI
- LAN connection for remote HMI support from Ellepot service
- Great savings on labour

Specifications

Parameter	Specification
Machine type	Automatic tray filler
Pot diameter	20 – 50 mm
